Professional Experience

Teague Seattle, Washington | Dec.2018 - Now

Interaction Designer

- Identified and designed user-centered interactive solutions for major aerospace companies and airlines
- Led the UX design for a major aircraft company's digital sales tool exhibited at **Aircraft Interior Expo 2019**
- Partnered closely with the engineering and marketing team to establish products that drive business goals and meet users' needs

Wieden + Kennedy Portland, Oregon | Jul.2016 - Dec.2018

Interaction Designer

- Developed conceptual ideas and built final interactive deliverables for clients including **KFC, Soylent, Samsung, and Nike**
- Worked with engineers to deliver end-to-end design solutions, notably **H.A.R.L.A.N.D.**, a KFC drive-through robot made its appearance on Jimmy Kimmel *Live!* show and successfully reached millions of audiences. And **Soy Route**, a web design that won us a Bevnet's 2017 Best Marketing Campaign award
- Work closely with stakeholders to develop workable prototypes for products including digital apps, installations and VR/AR experience

Vestorly New York, United States | Jun. 2015 - Aug. 2015

UI/UX Designer Intern

- Designed and developed UI for Vestorly's mobile application, working extensively with Photoshop, HTML, CSS and Bootstrap framework
- Designed and developed responsive style features for Vestorly's website
- Designed various marketing materials brochures and branding showcases

France Telecom (Orange) Beijing, China | Oct. 2012 - Jan. 2013

GUI Designer

- Designed UIs, icons and visual style settings for multiple mobile applications
- Designed and conducted various user-experience research initiatives
- Redesigned UX and implemented new modules and interfaces for several apps
